

# Acceptance

RISK

# Risk Acceptance

The cost of mitigating the risk outweighs the cost of losing the asset.

# Risk Acceptance

Risk can also be accepted when there isn't a better solution

# Risk Acceptance

A large magnifying glass with a wooden handle is positioned over a document. The document has the word "RISK" printed in large, bold, black capital letters. The magnifying glass is focused on the letter "I".

Using Windows 11 as it's the most secure  
Windows OS but it still has vulnerabilities.

# Risk Acceptance

Who is responsible for accepting this risk?

# Risk Rejected

Management believes the risk to be invalid
